TERMS

As your photographers, we are dedicated to capturing the most honest images to tell your love story. We kindly ask you to save a seat for us at a table, so that we can stay fueled + hydrated to celebrate with you! Goodness knows I LOVE TO DANCE.

HOURS + TIMELINE

DAY OF: *I leave the arrival times up to our couples, but for all day coverage we always suggest having me arrive towards the end of the bride's hair/makeup, with details ready (shoes, dress, jewelry, etc.) so we can make sure we get those shots. As we move on for the day, I'll chime in as we make sure to grab the subtleties of your day. I love candids, but will also direct through the chaos in the moments when necessary. This is about your love + my goal is to tell your love story // through my photo-journalistic approach.*

I usually head out about 1-2 hours after guest dancing starts and make sure you're having the time of your life. I always check in before I leave, so don't worry.

TEAM

Kaleigh Rae of Kaleigh Rae Photography and Team! We are a team of professional photographers/videographers, who have individually shot hundreds of weddings on our own. For your day, Kaleigh Rae will be present, and if requested, a second team member selected from a team of professional colleagues, creatives and trusted, talented shooters.

KRP has been around shooting weddings since 2016!

PRE-WEDDING: *We'll have a coffee, drink session (or facetime!) to hash out desired details and another few check-ins leading up to the wedding day. I want to get to know you as well as possible so I can do my best to customize your experience to celebrate the unique love you share. I'm always available via email and/or over the phone/text once we're into planning mode! I'll ask things about your style, if you have a theme, color scheme, guest estimate, wedding party details, etc. You don't need to know all of those things by any means, anything just to help us all prepare so I can celebrate with you! Share with me - photos, stories, quirks about your relationship - anything that helps me get to know you + your love story. I can always draft up a sample timeline upon request!*

**ps // this is me.
